## FIND YOUR OPPORTUNITIES

Use what you've learned at UW to serve your fellow citizens right here in Wisconsin! This session will teach you how the hiring process works from an insider's perspective, all about the summer internship program SAAIP, and provide some tips and tricks for making the search process easier.

The basic concepts taught in this workshop are applicable to a state government agency job search in most U.S. states. Don't miss your chance to find the job that is right for you.
